**GLOBAL WATER PRESENTED AT THE
TSX AND SDTC CLEANTECH INVESTOR DAY CONFERENCE**

PHOENIX, AZ – June 13, 2011 – Trevor Hill, President and Chief Executive Officer for GWR Global Water Resources Corp. (the “Company”) (TSX:GWR) and Global Water Resources, Inc. (“Global Water”) presented and participated in the Toronto Stock Exchange and Sustainable Development Technology Canada Cleantech Investor Conference in Toronto, Ontario on Wednesday June 8, 2011.

A copy of the Company’s presentation along with the TSX and SDTC Cleantech Investor Day Conference brochure is available on the Global Water FATHOM™ website at <http://www.gwfathom.com/news-2011.html>.

About the Company

The Company owns an approximate 48.1% interest in Global Water. It was incorporated under the *Business Corporations Act* (British Columbia) on March 23, 2010 to acquire shares of Global Water Resources, Inc. (“Global Water”) and to actively participate in the management, business and operations of Global Water through its representation on the board of directors of Global Water and its shared management of Global Water.

About Global Water

Global Water is a leading water resource management and technology company that owns and operates water, wastewater and recycled water utilities, and provides data and water management services through its unique, award winning platform, **FATHOM** Utility-to-Utility (U₂U™) Solutions. Initially developed by Global Water to support and optimize its own utilities, **FATHOM**™ is an integrated suite of advanced technologies proven to increase revenue, decrease costs and bring heightened efficiencies to municipally-owned utilities. *FATHOM™ puts water management tools in customers’ hands.*
