

Customer Refund Due to Tax Cuts and Jobs Act

Dear Customer:

We have good news! This month your water and sewer services bill includes a one-time refund resulting from lower tax rates approved in the 2017 Tax Cuts and Jobs Act. This one-time refund is for the impact of lower tax rates from January 2018 to September 2018 (9 months). Each month going forward, your bill will include a refund for one month of savings resulting from the lower tax rates. The Arizona Corporation Commission approved this refund proposed by Global Water.

Refunds are based on a customer's water meter size. A larger refund is paid to accounts with larger water meters. The refund amount will be itemized on your monthly bill, differentiating between the water service refund and the wastewater service refund.

On the reverse side of this insert, please find the refund you will receive in October 2018, along with the refund you will receive in future months. You can view your bill by accessing your account at www.gwresources.com/access-your-account.

Sincerely,

Water Utility of Northern Scottsdale, LLC
