

## Unauthorized Discharge Fee Tariff

### Applicable to:

- Global Water – Palo Verde Utilities Company (“Utility”)

### Purpose:

The Utility’s collection and treatment systems are designed for municipal wastestreams from Utility’s customers through authorized connection points. Any other discharges into Utility’s collection and treatment system are unauthorized. The purpose of this tariff is to discourage unauthorized discharges into Utility’s sewer system.

### Prohibition:

All discharges into Utility’s collection and treatment system must be made by Utility’s customers of record, through the customer’s authorized service line. All other discharges are unauthorized and prohibited.

### Fees:

Any person (as defined in A.A.C. R14-2-601.16) that makes an unauthorized discharge into Utility’s collection or treatment system is subject to a fee, for each occurrence, as follows:

- (1) \$5,000; and
- (2) All costs associated with the collection and remediation of the unauthorized discharge.

This fee is immediately due and payable to the Utility upon the Utility issuing notice of the violation to the violator. Notice may be delivered to the customer in person, left at the service address, mailed to the service address, or mailed to the billing address for the service location.
